Supplement of

Modeling the glacial lake outburst flood process chain in the Nepal Himalaya: reassessing Imja Tsho's hazard

Jonathan M. Lala et al.

Supplementary material can be found at Zenodo.org:

Lala, Jonathan M. (2018, June 12). Supplementary material for Lala, J. M., Rounce, D. R., and McKinney, D. C.: Modeling the glacial lake outburst flood process chain in the Nepal Himalaya: Reassessing Imja Tsho's Hazard. Hydrology and Earth System Sciences, 2018. Hydrology and Earth System Sciences. Zenodo. <http://doi.org/10.5281/zenodo.1287336>

Material consists of:

- Tutorial for GLOF simulation using BASEMENT
- Excel file of empirical wave model for calibration
- Example BASEMENT simulation files
 - BASEMENT executable file
 - BASEMENT study area TIN mesh
 - Inflow time series of avalanche material entering lake
- MATLAB file for extracting maximum water surface elevation from BASEMENT output files
