The figure shows the CRPSS (Critical Success Index) for different clusters over lead times in weeks. Each cluster is represented by a different color and shade, with the median skill and 5th to 95th percentiles indicated by dashed and solid lines, respectively. The lead times range from 0 to 24 weeks.

- **Sweden**
- **Cluster 1**
- **Cluster 2**
- **Cluster 3**
- **Cluster 4**
- **Cluster 5**
- **Cluster 6**
- **Cluster 7**

The CRPSS values range from 0.0 to 1.0, with higher values indicating better skill in forecasting.
