

Interactive comment on “Water balance and its intra-annual variability in a permafrost catchment: hydrological interactions between catchment, lake and talik” by E. Bosson et al.

E. Bosson et al.

emma.bosson@skb.se

Received and published: 10 October 2013

All comments and questions from referee 1 are answered in the supplement pdf, see link below. While uploading the first version of the answers, the reference to the pdf became incorrect. This comment is just added to make the link to the answers clear.

Please also note the supplement to this comment:
