

***Interactive comment on “A decision analysis
framework for stakeholder involvement and
learning in groundwater management” by
T. P. Karjalainen et al.***

G. Characklis (Editor)

charack@email.unc.edu

Received and published: 23 October 2013

The authors appear to have a plan for fully addressing the comments of both reviewers, and while acceptance for publication will be contingent on how successful they are in revising the manuscript (as judged by the reviewers), they are certainly encouraged to move forward with submission of a revised version.

Interactive comment on Hydrol. Earth Syst. Sci. Discuss., 10, 8747, 2013.
