

Interactive comment on “From maps to movies: high resolution time-varying sensitivity analysis for spatially distributed watershed models” by J. D. Herman et al.

J. D. Herman et al.

jdh366@cornell.edu

Received and published: 29 October 2013

We thank Dr. Reusser for his time and detailed, thoughtful comments. His work in the area of time-varying sensitivity analysis is one of the foundations of this manuscript, and we are fortunate to have his suggestions to improve the quality of the paper. Please refer to the attached PDF for responses to all comments.

Please also note the supplement to this comment:
