

Interactive comment on “Globalization of agricultural pollution due to international trade” by C. O’Bannon et al.

M. Sivapalan (Editor)

sivapala@uiuc.edu

Received and published: 17 November 2013

The paper has benefited from a wide-ranging discussion from experts in the field, to which the authors have also responded very positively. I encourage the authors to complete and resubmit a new manuscript revised along these lines. In view of the substantial changes that are envisaged, I will get it re-reviewed by 1 or 2 of the reviewers so that the paper can be published in HESS without much delay.
