Interactive comment on "Hydrologic impact of climate change on Murray Hotham catchment of Western Australia: a projection of rainfall-runoff for future water resources planning" by S. A. Islam et al.

## v. Mahat

mahat@rams.colostate.edu

Received and published: 18 December 2013

There is a recent paper by Mahat and Anderson (2013) on climate change. May be it's worth reading and relevant for you to cite.
