Received and published: 28 March 2014

Dear Dr.Ding,

As you may have seen, you have received comments from 2 reviewers via the online discussion forum. I have received the comments of a third reviewer by email (please find attached to this comment). As reviewer #2, reviewer #3 highlights a couple of critical issues in the submitted manuscript. Please address in detail all comments of the three reviewers in your response to their comments. Depending on these responses a
