Interactive comment on “How to identify groundwater-caused thermal anomalies in lakes based on multi-temporal satellite data in semi-arid regions” by U. Mallast et al.

U. Mallast et al.

ulf.mallast@ufz.de

Received and published: 4 April 2014

Dear Anas Ghadouani,

we uploaded the revised version and the detailed response on the comments given by Reviewer2. All mentioned aspects were carefully considered and lead, as requested, to a much shorter and, from our perspective, more concise revised version.

We hope to have met all expectations.

Kind regards, Ulf Mallast (on behalf of all authors)
