

***Interactive comment on “Evaluation of drought regimes and impacts in the Limpopo basin” by B. F. Alemaw and J.-M. Kileshye-Onema***

**M. Seibert**

mathias.seibert@gfz-potsdam.de

Received and published: 8 January 2014

regarding line 15: The correct name of the project DEWFORA is: "Improved Drought Early Warning and Forecasting to strengthen preparedness and adaptation to droughts in Africa"

I would recommend to use that full name instead of the shortened version.
