Table A2 (p. 34) of flood events selected by severity has two mistakes:

1) First event of list is Nr. Order 14. Correct Date is 21-25 October. 2) Seventh event of list is Nr. Order 13. Correct Date is 10-16 October.

October 1907 recorded two strong flood events on Catalonia. First was 10-16 October with moderate effects. Second was 21-25 October, with general catastrophic effects.
