

Interactive comment on “Chemical and U-Sr isotopic variations of stream and source waters at a small catchment scale (the Strengbach case; Vosges mountains; France)” by M. C. Pierret et al.

M. C. Pierret et al.

marie-claire.pierret@unistra.fr

Received and published: 22 July 2014

We would like to submit a revised version of the manuscript including comments and suggestions of the two reviewers (additional references, additional tables, modifications in the text).

Please also note the supplement to this comment:
