

Interactive comment on “Tracer-based analysis of spatial and temporal variation of water sources in a glacierized catchment” by D. Penna et al.

D. Penna et al.

daniele.penna@unibz.it

Received and published: 7 October 2014

Dear editor and referees, we are posting here the marked-up version of the revised manuscript where all the edits according to the referees' comments have been included and marked.

We apologize for not uploading it at the same time of the upload of the response to the referee's comments.

Best regards, Daniele Penna, Michael Engel, Luca Mao, Andrea Dell'Agnese, Giacomo Bertoldi, Francesco Comiti

Please also note the supplement to this comment:
