Received and published: 12 January 2015

Dear Editor,

We already posted our responses to the comments from the two reviewers as of January 6 2014. By following the suggestions from reviewers, we have made significant changes for the manuscript including a significant change made for the discussion section. For your information, we enclose two word files. One contains all the details about our responses to reviewers’ specific comments. The other one is for facilitating tracking

of the changes made in the previous manuscript.
Please let us know if we need to do anything else.
Thank you very much.

Please also note the supplement to this comment:
