

Interactive comment on “Reducing structural uncertainty in conceptual hydrological modeling in the semi-arid Andes” by P. Hublart et al.

P. Hublart et al.

paul.hublart@um2.fr

Received and published: 1 February 2015

We responded to each referee in separate documents, and here we provide as supplement the proposed updated manuscript. We uploaded two versions of it: one with all track changes visible and the other with all proposed modifications accepted, to provide a more readable overlook of the manuscript.

Please also note the supplement to this comment:
