

Response to editor comments

We have removed the sentence on Page 19. This was a mistake and the full sentence actually appears correctly later in this section.

We also realized that some parts of the text has not been updated to reflect the changes to some of the figures, which are now focused on Q7 and Q30, instead of Qn. Minor edits have been made to sections 3.3 and 4.1.

We also had to update Figure 3 as this was originally for Q1 and has been replaced by an updated version based on Q7 that also displays the sub-series in each step. We think that this is much more informative than the original version. The figure caption and text in section 3.1 have been updated.
