

Interactive comment on “Correction of real-time satellite precipitation with satellite soil moisture observations” by W. Zhan et al.

W. Wagner (Editor)

wolfgang.wagner@geo.tuwien.ac.at

Received and published: 12 August 2015

Dear authors,

Both reviewers point out that it is not clear what this study adds to the paper published by Wanders et al. (2015) in Remote Sensing of Environment. This is a critical issue. Please make sure to address it in detail in your response.

Kind regards,

Wolfgang
