

Interactive comment on “Correction of real-time satellite precipitation with satellite soil moisture observations” by W. Zhan et al.

W. Zhan et al.

wzhan@princeton.edu

Received and published: 1 September 2015

We would like to thank Anonymous Referee #1 for these kind words and also for the many thoughtful comments and suggestions, which helps us to produce an improved manuscript. In the supplement, we provide an item-by-item response to the comments (comments by Referee #1 are quoted in blue italic and our response are marked in black) followed by updated manuscript with the suggested changes included.

Please also note the supplement to this comment:
