

***Interactive comment on “Technical Note:
Three-dimensional transient groundwater flow due
to localized recharge with an arbitrary transient
rate in unconfined aquifers” by C.-H. Chang et al.***

Anonymous Referee #2

Received and published: 4 January 2016

See the attached referee report. The authors are asked to pay attention to the points mentioned in the General comments (where possible) and to the specific and minor remarks.

Please also note the supplement to this comment:
