Dear authors

I have read the reviews and replies with interest and it is clear the referees liked the manuscript and mainly had some technical comments and several useful suggestions for improvement. You replied to all of them in a concise manner. Thanks to referees and you for this discussion. The paper needs minor revisions, in which you should especially take care of points related to the structure of the paper and the wording /

grammar as requested by referees.

Thanks for this interesting submission to HESS and I look forward receiving the revised version

kind regards, Thom Bogaard Editor HESS
