Interactive comment on “Water saving through international trade of agricultural products” by A. K. Chapagain et al.

A. K. Chapagain et al.

Received and published: 28 April 2006

We thank Tony Allan for his stimulating response. Reviewer is right in his statement that the paper is innovative but at the same time raises a number of new research questions that have not been studied thus far. Clearly dealing with this new research questions goes beyond the scope of the current paper.
