

## ***Interactive comment on “Modeling geophysical complexity: a case for geometric determinism” by C. E. Puente and B. Sivakumar***

**M. Sivapalan (Editor)**

[sivapala@uiuc.edu](mailto:sivapala@uiuc.edu)

Received and published: 10 October 2006

The authors should respond to the two review comments, and in particular attempt to explain how the paper contributes to the topic of the special issue, ie. thresholds and pattern dynamics, and proceed to revise the manuscript for resubmission to HESS. It should be eventually accepted into HESS
