Received and published: 22 October 2007

Dear authors, to continue in the publication process of your manuscript I would like to ask you to reply on the referee comments as soon as possible and to provide an author comment (final response) which is necessary to proceed. Only based on the final response a recommendation by the guest editors can be provided. In order to keep the paper on the way I would very much appreciate your comment on the reviews. Thanks in advance, Helge Bormann.
