***Interactive comment on* “Evaluation of radar-gauge merging methods for quantitative precipitation estimates” by E. Goudenhoofd and L. Delobbe**

E. Goudenhoofd and L. Delobbe

Received and published: 11 February 2009

We would like to thank the editor and the reviewers for the careful evaluation of our paper. We were glad to see the positive reactions and the constructive comments that arose during the interactive discussion. A revised version of the paper has been prepared taking into account the contributions of the reviewers. This last version includes the brand-new results of 2008.
