Dear Dr. Suen, Thank you very much for your submission titled: ‘Potential Impacts to Freshwater Ecosystems Caused by Flow Regime Alteration under Changing Climate Conditions in Taiwan’; for potential publication in HESS. The discussion period will now be closed to allow you to produce a revised version and submit a revised version based on comments and suggestions provided by two referees, one anonymous and the other by Professor Xi Chen. I particularly note and would like you to focus your attention to all the points raised by the referees. Looking forward to
