

## ***Interactive comment on “Incorporating landscape characteristics in a distance metric for interpolating between observations of stream water chemistry” by S. W. Lyon et al.***

**S. W. Lyon et al.**

Received and published: 31 July 2008

Thank you very much for handling our submitted manuscript ‘Incorporating landscape characteristics in a distance metric for interpolating between observations of stream water chemistry’. We appreciate the effort spent at all levels of review and believe the comments and suggestions made have helped us a great deal in improving our manuscript.

Please see the previous two Author Comments for detailed responses to reviewer comments. We hereby submit our revised manuscript to be considered for publication in Hydrology and Earth System Sciences (HESS).

Again, thanks to all who helped in the review of this work.
