Received and published: 16 December 2010

First, we want to thank the reviewers and editor for their very constructive remarks. We thought they highly help us to seriously improve the paper. We have followed their suggestions and take into account most of their comments (answers to reviewers follow). This leads to an almost complete revision of the paper. We send in joined a file with answer to reviewers and a revised version of our paper. We add also two figures that we add to the first version. Kind regards Mehrez Zribi

Please also note the supplement to this comment:
