Comment

Interactive comment on “Modeling subsurface transport in extensive glaciofluvial and littoral sediments to remediate a municipal drinking water aquifer” by M. Bergvall et al.

J.M. Köhne (Referee)

max.koehne@ufz.de

Received and published: 27 April 2011

From my side as a reviewer, I am fully satisfied with the thorough responses and the suggested adjustments in the paper. I think the authors did an excellent job in clarifying and revising the description of their work.
