Comment

## ***Interactive comment on “Reconstructing and analyzing China’s fifty-nine year (1951–2009) drought history using hydrological model simulation” by Z. Y. Wu et al.***

**Anonymous Referee #3**

Received and published: 9 June 2011

I have to say that it is lack of a basic component that is to compare the results with the observations. Long term simulations without uncertainty analyses do not make much sense.
