Shakesby et al 2010	Citation will be replaced by similar but peer-reviewed conference paper (Shakesby et al, at International Conference of Forest Fire Research, Coimbra, Portugal, 2010). Shakesby et al.ø 4-year monitoring study only finished one month ago, a manuscript that will be submitted to an international journal is currently being prepared.
Stoof et al, 2010a	Citation will be replaced by a peer-reviewed PhD thesis that contains the same data. We are in the process of submitting these data to an international peer-reviewed journal.
Stoof et al, 2011a	This paper is now accepted with revisions, because the decision is not final yet, this citation was replaced by a peer-reviewed PhD thesis containing the same data. The handling editor has a copy of this thesis.
Stoof et al, 2011b	This paper is now in press.
