Received and published: 24 January 2012

- In equation 9 (line 2 of page 11182), the water retention index k is missing. This is the corrected equation:

$$T_{Fd} = (g_{Fd} \cdot k) \cdot \frac{S_{Fd}}{S_B}$$

- The unit of g_{Fd} is not corrected (line 3 of page 11182). This is the corrected text: "where $g_{Fd} = 4.0 \text{ day} \cdot \text{m}^{-1}$ is a property of the floodplain reservoir ..."
