Dear Mr. Verhoest, dear anonymous referees

We would like to thank you very much for your extensive and constructive feedback on our article “A soil moisture and temperature network for SMOS validation in Western Denmark”. We have tried to respond to all your comments and plan to revise our manuscript accordingly. Please find our answers in the attached pdf-file, which we hope clarify all questions and concerns. We are looking forward to hearing back from you again, and in advance, thank you very much for your further effort

Best regards Simone Bircher, on behalf of the co-authors

C5980
