Received and published: 21 March 2012

Firstly, please accept my apologies for the length of time that the review process required. We faced significant challenges finding suitable reviewers, and of course HESS then requires a certain period of comment available after the last of the reviewers is identified.

The response to the review comments seems reasonable, and I look forward to the revised manuscript. However, I cannot seem to find the revised manuscript online. Was it indeed uploaded? Evaluation of the revised manuscript must be completed
