

Interactive comment on “Assimilation of MODIS snow cover area data in a distributed hydrological model” by G. Thirel et al.

J. Seibert (Editor)

jan.seibert@geo.uzh.ch

Received and published: 16 April 2011

Both reviewers found the manuscript potentially interesting but also had concerns and recommended both major revisions. Most of the comments are related to better motivating the study and its novel aspects and better explaining and justifying the methods. Please address these comments carefully when preparing a revised version of this manuscript.
