11. If the knowledge gained from the Capacity Building Programme is not yet applied, it is because

		Response Percent	Response Count
Difficult to apply		19.4%	6
Do not know how to apply		6.5%	2
No opportunities to apply		83.9%	26
	Other (please specify)		2
	answered question		31
	skipped question		6

12. Did attending and completing the Capacity Building Programme result in a change of your function or promotion? Please explain.

	Response Count
	30
answered question	30
skipped question	7

Q1. For what type of organisation do you work?

1	Department of Disaster Prevention and Mitigation , Thailand	Oct 14, 2011 8:51 AM
2	Cambodia National Mekong Committee	Oct 11, 2011 12:25 PM
3	MONRE	Oct 10, 2011 5:23 PM
4	bureau od water management ,department of water resources	Oct 5, 2011 7:29 AM
5	RUPP	Oct 4, 2011 1:58 AM
6	Cambodia National Mekong Committee	Oct 3, 2011 12:42 PM
7	Cambodia National Mekong Committee	Oct 3, 2011 8:02 AM
8	Department of Water Resources	Oct 1, 2011 9:40 AM
9	Ministry of Foreign Affairs	Sep 30, 2011 12:03 PM
10	vWater Réources Management	Sep 29, 2011 10:46 AM
11	Water Resources and Environment Administration	Sep 24, 2011 5:22 AM
12	Department of Disaster Prevention and Mitigation	Sep 23, 2011 4:32 AM
13	Thai National Mekong Committee Secretariat	Sep 23, 2011 3:56 AM
14	I work in the Department of International Organizations, Ministry of Foreign Affairs, Viet Nam	Sep 23, 2011 3:44 AM
15	Ministry of Water Resources and Meteorology	Sep 23, 2011 3:03 AM
16	University	Sep 22, 2011 3:57 PM
17	Fisheries agancy	Sep 21, 2011 12:42 PM
18	Sounther Institute of Water resources Research (SIWRR)	Sep 19, 2011 8:48 AM
19	Royal University of Phnom Penh	Sep 19, 2011 8:38 AM
20	Ministry of Natural Resources and Environment	Sep 19, 2011 5:21 AM
21	Department of Water Resources	Sep 17, 2011 7:48 AM
22	Ministry of Natural Resources and Environment	Sep 16, 2011 3:39 PM
23	Fisheries Administration, Ministry of Agricultere Forestry and Fisheries	Sep 16, 2011 9:25 AM
24	department of water resources	Sep 15, 2011 11:55 AM

Q8. Usefulness of knowlegde gained for your professional work.

1	The knowledge gained is quite useful to my work .	Oct 5, 2011 7:29 AM
2	Conflict management tool, techniques and practices from other countries	Oct 4, 2011 1:58 AM
3	It helps in understanding of situation and the position of the partner.	Oct 3, 2011 8:02 AM
4	My working area is to implement the 1995 Mekong Agreement	Oct 1, 2011 9:40 AM
5	the workshop gives a good basis of understanding of the water issues and the necessity to address properly the water managemant by concerned communities through an appropriated mecanism for prevention and efficient use of water	Sep 30, 2011 12:03 PM
6	Because my work is related and focus on the water research. therefore this capacity building is very useful for example, the technical support tool which is the daily working in my Institute. another point is the MA 95 is very useful in cooperation and using the resources in the Mekong river basin.	Sep 24, 2011 5:22 AM
7	For 2011 province transboundary flood management in Thailand	Sep 23, 2011 4:32 AM
8	The knowlegde gained is better for the cooperation with another countries.	Sep 23, 2011 3:56 AM
9	As I work in the Ministry of Foreign Affairs, I find the knowlege I have learned in the course very useful for me in my professional work, especially those concerning transboundary conflict management.	Sep 23, 2011 3:44 AM
10	Because my recent work relate with this capacity building programme.	Sep 22, 2011 4:11 PM
11	As a lecturer in water resources, this CPB is very important for me in order to extend my knowledge.	Sep 22, 2011 3:57 PM
12	Research idea and teaching to undergraduate students at my university	Sep 22, 2011 3:48 PM
13	Integrate and incorporate with university's course curriculum and on-going ant upcoming project works	Sep 19, 2011 4:13 PM
14	Mekong Delta of Vietname locates in the downstream of Me Kong river, so it is affected strongly by the development of upstream countries, esspecially the neighbor of Cambodia. I think that the tecnical tools to address and slove the transboundary flood issues to help Vietnam and Cambodia build the strategies and cooperations and relationships for long-term and sustainable development and mitigate damage not only for Vietnam and Cambodia but also for all member countries in LMB, esspecially supporting deeply knowledge of transboundary flood issues and experiences, skills and methologies to solve those problems for tecnical staffs of each countries, it'll helpfull for their works at the present and in the future.	Sep 19, 2011 8:48 AM
15	applicable for other programmes	Sep 19, 2011 5:21 AM
16	IWRM principal are start apply in Cambodia, The knowledge was support us to work together between line againcy and provincial.	Sep 19, 2011 5:12 AM
17	First, the experience from role play of tools helped me to regconize the real situations. Second, I have recognized that tools are very important to help decision makers to make a good decision.	Sep 17, 2011 7:48 AM
18	it would be better if have more group discussion	Sep 16, 2011 3:39 PM

Q8. Usefulness of knowledge gained for your professional work.

19	Negotiation skill, flood management, swot, environment impact assessment.	Sep 16, 2011 9:25 AM
20	It helps me to be more confident in organising the water related training programmes. It also built up professional connection with other participants and resource persons.	Sep 15, 2011 1:40 PM

Q10. In case you have used the knowledge gained from the Capacity Building Programme in your work situation, how have you used it? (multiple answers allowed)

1	I applied in work for Integrated Water Resources Management.	Oct 3, 2011 12:42 PM
2	present to colleagues	Oct 1, 2011 9:40 AM
3	i use this knowledge to apply to study master degree scholarship and i am successful. i was selected.	Sep 24, 2011 5:22 AM
4	using Model and Decision Support Systems(isis model, DSF) to analyse the flood issues, flood depth and flood duration and it's impacts and EIA when flood happening.	Sep 19, 2011 8:48 AM

Q11. If the knowledge gained from the Capacity Building Programme is not yet applied, it is because

1	I	Oct 3, 2011 12:42 PM
2	to gain deeply about DSF or Models from MRCs need long time.	Sep 19, 2011 8:48 AM

Q12. Did attending and completing the Capacity Building Programme result in a change of your function or promotion? Please explain.

1	yes, because of knowledge and skills are gained from CBP supported the capacity to take in charge of new teaching course on conflict management in natural resource management for undergraduate programme and some short training course, and useful concepts and tools for some relevant research conducting. [Yes]	Oct 13, 2011 5:58 AM
2	Nothing to Change, but Capacity Building Programme build up my knowlegd on FMMP [No]	Oct 11, 2011 12:25 PM
3	No [No]	Oct 10, 2011 5:23 PM
4	No, the attending and completing the CBP not result in a change of my function or promotion , but I use some technic which are very good to my work. [No]	Oct 5, 2011 7:29 AM
5	After attend the capacity building programme with MRC, i received many information for river management, as: flood management, Mekong agreement 95 and the principle to solve the problem on trans boundary flooding.	Oct 4, 2011 4:32 AM
6	More experiences to develop and teach courses related to conflict management	Oct 4, 2011 1:58 AM
7	It result in change of my promotion it make me more undetstand about IWRM. If we use principal of IWRM the conflict of water use will be decreased.	Oct 3, 2011 12:42 PM
8	Not sure.	Oct 3, 2011 8:02 AM
9	No change or promotion, but it can be applied in our work [No]	Oct 1, 2011 9:40 AM
10	opportunity to attend the programme and its implication depend certainly on the position, and changing the function affects the completion of your programme	Sep 30, 2011 12:03 PM
11	no [No]	Sep 29, 2011 10:46 AM
12	Improved knowledge skill in related to Integrated Water Resources Management,Transboundary flood issues, working experience in transboundary issues in water and flood management	Sep 29, 2011 7:01 AM
13	yes. it's changed. the experiences which i grain from the CPB is very useful for me and i can use apply to my work and apply to my study now. [Yes]	Sep 24, 2011 5:22 AM
14	No [No]	Sep 23, 2011 5:08 AM
15	Flood Risk Reduction with Structural Measure had been implementing since 2010	Sep 23, 2011 4:32 AM
16	Yes, I am the coorditor for the programme FMMP and work with TNMCS. I need to know the world CBP for the planing in the next phase. [Yes]	Sep 23, 2011 3:56 AM
17	Yes. The modelling and technical tools is very important for my work. [Yes]	Sep 23, 2011 3:03 AM
18	This capacity building programme is very useful for my daily work because it could be applied into my lecture and training material.	Sep 22, 2011 4:11 PM

Q12. Did attending and completing the Capacity Building Programme result in a change of your function or promotion? Please explain.

19	Yes. Because I have more opportunities to cooperate with other experts. I also gained more experiences, knowledge in water resources management (especially for flood management) for doing better my job. [Yes]	Sep 22, 2011 3:57 PM
20	Yes, of course, I will be focal point for related projects and creating the research interest and application of above knowledge as well [Yes]	Sep 22, 2011 3:48 PM
21	I	Sep 22, 2011 3:21 PM
22	Research interest for further study (PhD) and may be being a focal point for FMMP-MRC project implementation. Last but not least, by attending CBP has been building the network for Lower basin Mekong countries at university level. [Yes]	Sep 19, 2011 4:13 PM
23	yes, it did. Because after attending training courses like this, I am assigned to work on modelling, especially applying models used in MRCs for our researching purposes and I also have many chances to attend to workshops or training courses hold by MRCs or VNMC. [Yes]	Sep 19, 2011 8:48 AM
24	No. [No]	Sep 19, 2011 8:38 AM
25	give me a high potential to change my function or to promote	Sep 19, 2011 5:21 AM
26	No. [No]	Sep 17, 2011 7:48 AM
27	be a good guideline to understand the water management system	Sep 16, 2011 3:39 PM
28	No change [No]	Sep 16, 2011 9:25 AM
29	no, since I am a flood forecaster. At this moment, there is no role for me to involve in transboundary issue yet. [No]	Sep 16, 2011 2:47 AM
30	Yes, most of the projects related to water have been given to me after attending the CBP. [Yes]	Sep 15, 2011 1:40 PM
