Dear Dr. Gao,

Thanks for submitting your work to our HESS special issue. I received review reports from three experts. Overall, all of them are positive but reviewers offer some constructive comments. Based on these and my own reading, I would be pleased to accept this manuscript for publication if you could consider the review comments and revise your manuscript accordingly.

In addition, please carefully proofread your manuscript before submitting the revised

version. There are some grammar issues which could be improved. For example, Page 3 Line 3 "limited" should be "limiting". Furthermore, to increase relevance of this manuscript to the overall special issue theme, it would be great if you could check the following link for all the available papers of this special issue in HESSD and cross-reference them as you see fit. http://www.hydrol-earth-syst-sci-discuss.net/special_issue74.html

Thank you again and I look forward to receive your revision.

Yours sincerely, Lixin Wang
