Received and published: 22 July 2012

We greatly appreciate the time reviewers put in reading my manuscript, and the comments provided were valuable and constructive. To be more comprehensive, I have provided a list of itemized responses to all review comments in the attached supplemental file (instead of responding to each reviewer’s comments individually), along with a change-tracked copy of the revised manuscript. Hopefully I have adequately addressed all the review comments. Please also note the Supplement to this comment.
