

***Interactive comment on “Transient analysis of fluctuations of electrical conductivity as tracer in the streambed” by C. Schmidt et al.***

**Anonymous Referee #1**

Received and published: 6 August 2012

Page 6357, lines 4-14. This paragraph discuss particulars that are not directly related with the EC measurements and therefore it should come earlier in the “Study Site” section.

Page 6357, line 29. Add “along” after “locations”.

Page 6357, line 26. Replace “out” with “output”.
