Dear Dr. Zakharova:

Thank you for submitting "Spatial and temporal variability of biophysical variables in southwestern France from airborne L-band radiometry" to the HESS special issue. I have now received two reviews of your manuscript.

I concur with reviewers that this is an interesting and useful manuscript. But both reviewers suggested major changes of the manuscript (e.g., introduction rationale, VOD and LAI issues). I hope you can do a thorough revision by addressing reviewers' points. You can also choose to rebut if you have valid argument.
