Interactive comment on "A site-level comparison of lysimeter and eddy-covariance flux measurements of evapotranspiration" *by* M. Hirschi et al.

Anonymous Referee #2

Received and published: 29 August 2016

For the most part, the responses of the authors are exhaustive and have met the clarifications request of this reviewer. In other cases, some answers have not taken into account the specific clarifications requested. For these reasons, I believe that the decision on the paper publication should be made by the editor.
