Interactive comment on "The new importance measures based on vector projection for multivariate output: application on hydrological model" *by* L. Xu et al.

L. Xu et al.

xly@mail.nwpu.edu.cn

Dear Referee #2, Thanks for your comments. We will provide more sufficient materials that are related to hydrology and some new idea in the revised manuscript in the near future. And we will demonstrate the superiority of our method convincingly. Please pay more attention on my revision. Thanks for your patient.

Best regard Liyang Xu
