

Dear *Editor*,

We would like to thank you again for your revision work and kind cooperation.

We think that your detailed suggestions, as well as the referees' comments, have strongly contributed to improve our manuscript.

In this final version, we have used one paragraph in the abstract and have merged short paragraphs, as you recommended.

Looking forward to receiving further communications about the publication process.

Best regards,

*Elvira Armenio*  
*Francesca De Serio*  
*Michele Mossa*
