Received and published: 7 December 2016

Dear Readers,

I must admit with a great distress that I have found an error affecting the formulas No. 17-21 in my manuscript . Fortunately, this error does not influence the next part of the paper, in particular figures and tables, which are correct.

I apologize for the situation. Please find the corrected formulas attached. Among others, please notice the change of the formulas numbering – of course, all next formulas should have numbers amended consequently.

Regards,

Jacek Kurnatowski
