

Interactive comment on “Determination of empirical parameters for root water uptake models” by M. A. dos Santos et al.

N. Romano (Editor)

nunzio.romano@unina.it

Received and published: 15 March 2016

Dear Authors, Allowing for the interesting comments that your manuscript received so far, and within the spirit of the discussion step of HESS, I would suggest you should start providing preliminary responses. Kind regards, Nunzio Romano
