Received and published: 21 April 2017

The authors would like to thank Dr. Heye R. Bogen for his really useful, valuable and productive suggestions on the manuscript. His in-depth review will help us to improve the structure and the overall quality of our manuscript. We have included detailed responses to his comments in the supplementary .pdf file. We have also included a modified version of the original manuscript. Please note the supplement to this comment and the modified manuscript, with modifications in blue.
