

Interactive comment on “Consistency assessment of rating curve data in various locations using Bidirectional Reach (BReach)” by Katrien Van Eerdenbrugh et al.

Katrien Van Eerdenbrugh et al.

katrien.vaneerdenbrugh@ugent.be

Received and published: 28 August 2017

In response to the reviewers helpful comments, substantial changes have been made (including additional analysis comparing the method to a simpler approach and additional text added in the methodology, results and discussion). Responses to the comments and details about the changes are described in the attached pdf file. We look forward to receiving your reaction on these responses.

Please also note the supplement to this comment:
