Interactive comment on "Hydrogeological controls on spatial patterns of groundwater discharge in peatlands" *by* Danielle K. Hare et al.

Danielle K. Hare et al.

hare.danielle@gmail.com

Received and published: 11 October 2017

Thank you for taking the time to review our manuscript and provide feedback. These comments were helpful and insightful. The attached document provides responses to all your comments in orange, and a redline strike-out revision of the revised manuscript and figures with all the edits made from all the reviewers following the responses.

Sincerely, Danielle
