

Interactive comment on “Development of Soil Moisture Profiles Through Coupled Microwave-Thermal Infrared Observations in the Southeastern United States” by Vikalp Mishra et al.

Vikalp Mishra et al.

vikalp.mishra@nsstc.uah.edu

Received and published: 7 September 2017

We regret that there was an error in Tables-2 and 3 of our manuscript. In table-2 data from layer depth 10-40 cm is erroneously copied over to layer depth 40-100 cm. Then in table-3, site 2015 was erroneously identified as site 2013 in the third line of the table.

We have corrected the errors and uploaded the corrected tables as a supplement to this comment.
