

RESPONSE TO REF COMMENTS MS: HESS-2017-37 (V3)

Title: A regional scale ecological risk framework for environmental flow evaluations.

Author(s): Gordon C. O'Brien et al.

MS No.: hess-2017-37

MS Type: Research article

Comment: Ensure that figures and tables are stand alone (example Risk Region in caption add "(RR)").
And review guidelines to authors and review MS.

Response: We have amended the figures and tables (minor changes) and reviewed the MS. We have changes the name of Author Mark Graham to P. Mark Graham as per his request.

Thank you again for the work on this MS. Regards
