

Interactive comment on “Water ages in the critical zone of long-term experimental sites in northern latitudes” by Matthias Sprenger et al.

M. Sprenger

matthias.sprenger@abdn.ac.uk

Received and published: 22 May 2018

Please see in the supplement a more detailed explanation on the procedure to derive the water ages. We will make sure to describe the methods properly in the revised manuscript.

Please also note the supplement to this comment:
